QUESTION

I am considering upgrading to a newer version of Chief Architect. Where can I find information on the changes and/or features in a newer version?

ANSWER

With each new version of Chief Architect, a PDF (Portable Document Format) file is created detailing the changes and new features. You can view these PDF files under the <u>Attachments</u> section located at the bottom of this article.

Additionally, you can view the <u>Features Introduced in Recent Versions</u> (<u>https://www.chiefarchitect.com/videos/playlists/132/features-introduced-in-recent-versions-of-chief-architect.html</u>) video playlist.

If you're using a legacy version of Chief Architect and are interested in upgrading, please <u>contact our Sales team (https://www.chiefarchitect.com/company/contact.html)</u>.
